Activity: ICAS Tests 2017

The International Competitions and Assessments for Schools (ICAS) is the largest independent competition and assessment program for schools in Australia. It is also delivered in over 20 countries across the world. ICAS is a not for profit provider of education services and is wholly owned by University of NSW. They offer a range of highly regarded tests for children to sit. This year our school will participate in the Digital Technologies (23 May), Science (30 May) English (1 August) and Mathematics (15 August) tests. Each test costs the participant $8.00. **They are offered to all students from year 3 – 6.** Not only do these tests give parents a guide to how their children are going compared to children from around the world, it gives children experience in test conditions – a great preparation for school testing such as NAPLAN.

If you would like your child to participate in one, some, or all of these tests, please complete the slip below and return with payment to the school by the due date, **17 March 2017.** No payments will be accepted after this date.
